Subject: PFAS Declaration

PFAS (polyfluoroalkyl substances) are widely used, long-lasting chemicals which break down slowly over time. They are known to the EPA to pose possible health risks to the general public.

Valworx is in the business of selling actuated valves and associated accessories (the Products).

The Products listed in Exhibit 1 are known to Valworx to contain PFAS chemicals of the type and specific articles per the Exhibit. Valworx declares under its own authority and based on knowledge and belief that all other Products and articles not listed in Exhibit 1 do not contain PFAS chemicals.
